

REMARKS

This amendment is presented in response to the non-final office action dated December 1, 2009, in which claims 1-22 were pending, claims 1-22 were objected to, and a supplemental reissue declaration was required. By this amendment, claim 14 is amended to correct the typographical error in the response filed May 7, 2009, and to overcome the recapture objection. In particular, claim 14 is amended to remove the struck-through “and” in line 7, and to recite a controller “for initiating a cooking instruction . . . at desired time intervals” within the first user interface.

Claim Objections

The applicant respectfully submits that the amendments to claim 14 overcome the objections to claims 14-22. In particular, claim 14 is amended to remove a typographic error from a previous amendment. Additionally, claim 14 is amended to overcome the alleged recapture. The applicant respectfully requests withdrawal of the objection to claims 14-22.

Supplemental Reissue Declaration

Included herewith is a supplemental reissue declaration. The applicant respectfully submits that the supplemental reissue declaration overcomes the examiner’s objections to the previous reissue declaration. The applicant respectfully requests withdrawal of the objection to claims 1-22 based on an improper reissue declaration.
